

## **DIRECTIONS to WAHU Association Office**

**44 East Mifflin Street Suite 605A, Madison WI 53703  
608.250.4685**

44 East Mifflin Street (also known as the old AT&T building) is located on the Capitol Square at the intersection of Mifflin Street, Pinckney Street and Webster Street, directly across the street from the Madison Children's Museum and the State Capitol.

Our parking ramp is located on the side of the building but a one way street toward the capitol square means you must enter it from the outside loop on the square or go around the block.(behind the Children's Museum)

Bring your parking sticker to be validated. You will need your ticket to get out of the ramp or you will have to use your credit card. Park in the visitor slots. This building has no elevator in the ramp.

Enter the building from the back elevator and press 6 to come to our floor. Or you can also enter from the elevator in the main lobby (that is faster).

### **To enter the ramp: Dayton/Pinckney Parking Ramp, 21 E. Dayton Street**
